2nd May – 10th May 2018

Tenerife, Spain

Organized by “Proxima Educacion”

Summary of Project

According to the Eurostat statistics youth unemployment rate in Europe in July 2014 was 21.7 % in the EU-28. This is the lowest rate for the EU-28 since September 2011, but anyway the rate is still high as the latest statistics of Eurostat December 2016 shows 18.6 % of young people are unemployed in the EU-28. The highest rates were observed in Spain (43.6 %) Italy (36.4 %). Entrepreneurship is one the most important aspect to fight with youth unemployment as today social entrepreneurship is becoming one of the effective and innovative methods to solve the social problems. It gives the opportunity to deal with the problematic issue in a creative way that in turn helps to involve into social sphere more people, create alternative jobs and income. In light of economic changes, globalisation and requirements on labour market (the moving from employment to employability) entrepreneurship itself is becoming popular issue among young people as a lot of them are struggling to find job or having their own income. As a result of these young people are searching alternative way which turns to be running of their own enterprises. In order to be able to do this they need some certain skills and knowledge like knowledge business sector, understanding financial risk and management, having soft skills (communication, leadership, management etc). Moreover, 90 % of all startups are failing which stops young people to put their ideas in action. At this point NGOs should provide young people with information and help on the topic of social entrepreneurship and involve them into the issue. But there are not many

organisations which are competitive enough in this field. That youth exchange “Youth Creates the Opportunities” aims to develop participants’ skills on social entrepreneurship, financial management, creativity, soft skills, strategic planning of the ideas. It is designed for youth leaders, youth volunteers ages between 18 - 30 to explore methods of working with youth on the topic of social entrepreneurship and practical skills on running the social enterprise with their organisations. The priority age group will be 18 - 25 years old. The whole project is built up and developed in accordance with the objectives and the priorities of the Erasmus+ Programme. Our objectives are: 1) To develop creative thinking, soft skills, financial management, strategic planning of the ideas and social entrepreneurship skills 2) To transfer knowledge and experiences on how to motivate young people in developing entrepreneurial paths. 3) To offer a basic exchange on how to develop, validate and implement social entrepreneurial projects. 4) To explore practical ways of supporting young people set up social enterprises, taking into consideration legal, financial, management and social requirements. 5) To equip youth leaders and youth volunteers with tools and methods designed to develop entrepreneurial skills 6) To develop new methods and tools of working on the topic of social entrepreneurship. 7) To provide participants with the opportunity to exchange experience and expertise in the field of social entrepreneurship. 8) To inform the participants about opportunities to develop new projects under the Erasmus+ Programme The project will be take place in Tenerife, Spain between 2- 10 May 2018 It will gather together 38 participants from Programme countries such as Spain, Lithuania, Italy, Bulgaria, Turkey, Romania and United Kingdom.
